

STAT203 Homework #10

Due: Tuesday, November 11th at 11.30am

Directions: Read Section 4.4, and the online Class Notes, and then solve the following exercises. Please write or type up your solutions very neatly and show all relevant work. → Keep a copy of your solutions to these exercises to help you prepare for Thursday's quiz. ←

Page(s) in text	Exercise(s)
p. 187	# 4.4-2. For the data given in part (e), $\Sigma x_k = 32$ and $\Sigma x_k^2 = 114$
p. 188	# 4.4-8.
p. 188	# 4.4-12.
